# National Biocontrol Collective

- Regional councils nationwide + DOC
- Pool resources to fund most weed biocontrol programmes in NZ
- Undertake collective decision-making
- Take into account the needs of the whole country
- Meet annually to review progress and agree priorities

# Current Projects

- Alligator weed
- Banana passionfruit
- Boneseed
- Chilean needle grass
- Darwin's barberry
- Japanese honeysuckle
- Lantana
- Moth plant
- Old man's beard
- Pampas
- Privet
- Ragwort assessment
- Tutsan
- Tradescantia
- Wild ginger
- Woolly nightshade

# Alligator Weed

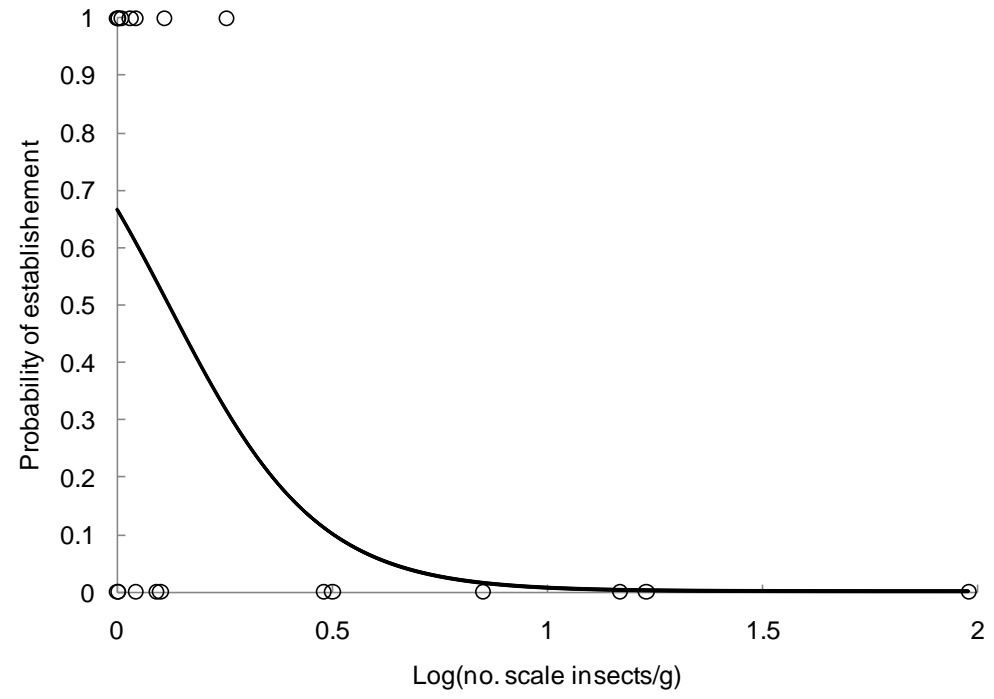

# Banana Passionfruit

# Boneseed

# Chilean Needle Grass

# Darwin's Barberry

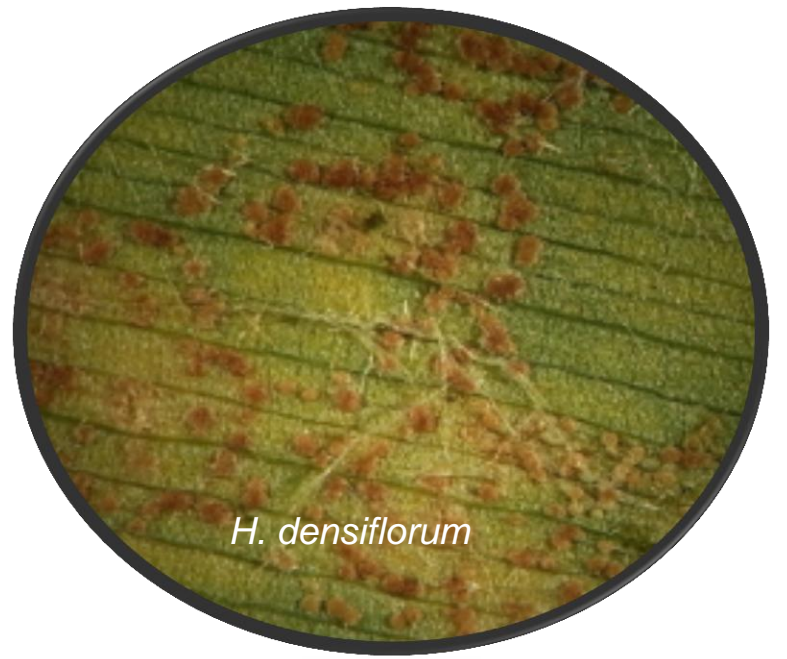

*H. gardnerianum*
